Vikings Face Blue Devils At Gaylord Friday Night, 8:00 p. m.

The Vikings football eleven will travel to Gaylord Friday night to meet the Blue Devils of Gaylord High in the first gridiron game of the season for both teams. Coach Arthur Allen has slated as starters: Frank Ludeman and John Jackson, ends; Marvin Biehl and Dick Kennedy, tackles; Jim Parkinson and Dick Dunham, guards; Bob Carlson, center; Gary Parkinson, quarterback; Bill Kenyon and Lloyd Failing, halfbacks; Bob Barnett, fullback. Others who will probably see action said Viking mentor Allen are: Larry Pond, Charles Keway, Larry Kolka, Melvin Luter, Steve Jorgenson, Larry Baleh, Gary Leslie, Kenneth Lazrowski, John Robertson, Jim LaGrow, Orin Luckstead, Tom Gibbons, Mike Gibbons and Ed Holtcamp.

Coach Allen also pointed out that the "free substitution" rule has not been changed as far as high schools are concerned and a two platoon system may be used by school eleven this season although colleges can not.

The intersquad game held Saturday morning at Camp Lehman in Hartwick Pines with the sophomore squad facing the remainder

of the football squad went for a 0 to 0 tie for three quarters. At times it looked anything like a football game with neither team being able to advance the ball. During the final quarter, Coach Allen substituted freely winding up with one team made up of the named starters for Friday night. This team had little trouble in scoring 14 points without much opposition.

Fullback Bob Barnett scored both touchdowns on short line plunges. Both scores were set up by long runs by Frank Ludeman. Some of the squad who showed up rather well were Larry Pond on defense and some fine running by Bill Kenyon, Lloyd Failing and Bob Barnett. Those looking good up forward on the line were Dick Dunham and Jim Parkinson. Charles Keway and Steve Jorgenson looked good in backfield play although both up to now have been playing on the line. Larry Kolka is the only injury on the squad as the season is ready to open. Kolka has a torn ligament in his right knee but is expected to be ready by Friday night.

With the formation of the Grayling Special Gifts Committee, the local phase of the Grayling Mercy Hospital Building Fund Campaign was launched. It was announced today. Co-Chairmen of this committee, which has a goal of \$35,000 are Alfred "Bud" Sorenson and Willard H. Cornell. This goal is in addition to the doctors' quota and the \$32,000 yet to be raised by the Memorial Gifts Committee. Special Gifts Committees, which will have their own quotas, are also being organized at Roscommon and Houghton Lake as well as at Lewiston, Frederic and Lovells.

The total reported to date in the \$300,000 campaign is \$161,088. The Campaign Executive Committee stated that during the past week there was little advance shown in pledges received because the local phase of the campaign was just being organized and because most of the activity by the summer residents committee was ended.

The committee added, "Although the \$125,000 goal of the summer residents has not yet been attained, we feel confident that within the next few weeks it will be made. At that time we shall give a complete report showing the amount pledged by summer residents at the various sections of the lakes and rivers in the hospital service area. We need about \$23,000 more in pledges from summer residents. The fact that over \$80,000 has been pledged as memorial gifts by summer residents is very gratifying and is an inspiration to everyone interested in the hospital program."

"We are now starting on an intensified local program. The success of the campaign will depend on everyone in the hospital service area realizing the necessity of accepting his own personal share of responsibility in helping to provide the urgently needed new hospital building. To make our goal everyone must also realize the necessity of giving an amount proportionate to the pledges of others paid over a three year period. Mercy Hospital serves all in need of its care irrespective of race, color or creed. Therefore, it is an area and community service institution which deserves the support of everyone who may use its services."

Among the permanent residents who have made memorial gifts along with the room selected are: Mr. and Mrs. Alfred Hanson, visitors lounge; Mr. and Mrs. T. P. Peterson and family, semi-private room; Mr. and Mrs. Fred R. Welsh and family, semi-private room; Dr. and Mrs. J. F. Cook and Dr. and Mrs. H. K. Cook, semi-private room; Mr. and Mrs. John H. Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy The Clarion, but they weren't.

Seems a 5-gallon can fell off Whitely Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitely could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed

Grass Roots Opinion

Glen Riddle, Pa., Rockdale Herald: "The United States must cherish its small towns . . . The small towns are good healthy places in which to live and grow up. We need some plan by which small industries can flourish in them. The country will not prosper if the population is concentrated in large cities."

Long Prairie, Minn., Leader: "The government has announced that the permitted acreage of wheat in Minnesota next year is reduced 115,319 acres. The ruling is not so arbitrary as it seems. Control follows of necessity if the government is to guarantee price. The government might bankrupt itself if it agreed to guarantee price without some restriction or control on the number of bushels."

Mount Olive, N. C., Tribune: "An unusual event occurred recently in Haddam, Connecticut. Tax Collector Edward Weiss . . . explained that his salary was out of proportion to that of other municipal officials and should be reduced. We would add one comment . . . It is our hope that the example of Weiss in Connecticut is carried to all corners of the country and emulated by all officials who are receiving too much money."

Albany, Oregon, Democrat-Herald: "A needed change in the constitution of the United States is one that will permit the President to veto a single item of an appropriation bill. Under present rules he either must swallow objectionable items or veto the whole bill."

Fort Payne, Ala., Times New-Era: "We note that every time the . . . administration recommends that an appropriation for some government agency be reduced somebody . . . breaks out crying, 'They're trying to destroy this agency.' It appears that it never occurs to a bureaucrat or bureau backer that such a bureau should be called upon to economize and get along on less money."

Why just look and sigh—and pass up so much real automobile?

Why—when this big and beautiful new Buick SPECIAL delivers for the surprisingly low price shown here?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars.

So here we show our car and price to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

O. E. S. INITIATES SIX

Grayling Chapter No. 88 O. E. S. was host to Roscommon and Lewiston Chapters at an initiation held on Wednesday, September 8, in the Grayling Masonic Temple. Several members from these neighboring Chapters were present and six ladies were taken into the local chapter. The new members are Miss Christine Sales, Mrs. Louis Stillwagon and Mrs. Frank May, Jr., of Grayling and Mrs. Pat Harwood, Mrs. Bud Caldwell and Mrs. Eddie Carlson of Lovells. The chapter room was enhanced by baskets of cut flowers of appropriate colors, furnished and arranged by Mrs. Thomas Haugh. The tables in the dining room were also centered with bowls of lovely garden flowers. Mrs. Wesley Kumpula was chairman of the committee which served refreshments following the initiation ceremony. Those who assisted her were Mrs. Ruth Caldwell, Mrs. Clarence Stillwagon, Mrs. Esther Gardoppe, Mrs. Pierson Spaulding and Miss Margaret Douglas, all of Lovells.

CARD OF THANKS

For the seventh time Grayling has co-operated in the successful sponsorship of the Michigan Canoe Championship Marathon on the AuSable. Under "duress" I accepted the local committee chairmanship this year. As expected, I had no time for the job, but thanks to the help of Les Hunter, Jerome Kessler, Bob Boyce, Eric Post, Nels Olson, Russ Carlson, Bill Hines, Jack Wilson and others, the work was completed with no help from the chairman. The community should be grateful to these men for their efforts. Personally I thank them; you, who helped raise the money by your contributions; Harry Krummel for the participation of Altes Brewing Co., Mort Neff for his many publicity assists; Ed Ellis and Fred Davis for obtaining amateur radio coverage; and the contestants for making it a good race!

John H. Peterson,
Chairman, Grayling
Canoe Race Comm.

Come in and see... value check... and test drive a Ford today!

No doubt about it...

Ford's the one fine car in the low-price field!

Feature after feature... part after part...
Ford is as fine as the finest...
yet it's priced with the lowest.

No car ever built has won such enthusiastic and growing preference as the '53 Ford... and no wonder. For no other car with such a wealth of fine-car features costs so little as Ford.

Yes, Ford, with all its fine-car quality, is offered at a price that's easy to pay.

You can have a Ford with a V-8 engine—the same type of engine that powers America's most expensive cars—for hundreds less than many Six-cylinder

cars. And a Ford powered with the high-compression Mileage Maker Six costs even less.

Then, too, Ford's body is built like the best, with steel body panels of the same quality and thickness as in the most expensive cars.

Ford also proves that a car doesn't need to carry gas-thirsty extra weight to "gentle" you over the bumpiest roads! For Ford's smooth, level ride blots out the bumps... cuts front end road shock alone up to 80%!

Also, you can have your Ford V-8 with Master-Guide, the last word in power steering. Master-Guide cuts up to 75% of turning

effort yet it leaves you with the natural "feel" of steering on the straightaway.

There are many other fine-car features, too! Ford Full-Circle Visibility... foam-rubber cushioned seats front and rear on all models... finishes that are baked on over a complete rust-proofing treatment... to mention a few.

It takes all these features to make a fine car truly fine... worth more when you buy it... and in resale, too! A survey of used car lots proves that people are willing to pay a larger percentage of the original cost for year-old Fords than for any other used cars. No doubt about it, Ford's your best buy!

Worth more when you buy it... worth more when you sell it!

If you're interested in used cars, be sure to see our selections!
